Publishers' Note.

THE present issue of THACKER'S INDIAN DIRECTORY, which is the 59th consecutive annual issue, is the last volume that will appear in its present form; the 60th volume will be altered in size—a change which it is hoped will make for the convenience of the public. The enormous increase in the contents of the Directory due to the great expansion of India has made the book somewhat awkward to handle and the contemplated change is designed mainly to do away with this inconvenience.

The present issue is the last one to appear before the Montagu Chelmsford Reforms Act comes into operation, the next issue will therefore be exceptionally interesting as all the changes due to the new Act will have to be chronicled.

The year that has passed has been signalised by a great activity in the formation of joint stock companies which it is the duty of the Directory to record. In this connection the publishers would urge upon the public to let them have immediate information as to any industries that may be started in India as it is most important in their own interests that they should not be omitted.

No alteration in the price of the Directory has been made although the expenses of producing the work have increased enormously.

The contents of this Directory are fully protected by Copyright.

The publishers again desire to tender their thanks to the Officials, and the public in general, who have so courteously furnished particulars for the Directory, and to the Chambers of Commerce, Banks and Merchants who have kindly assisted them with information.

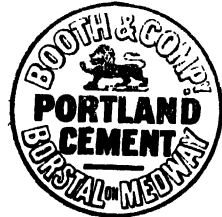

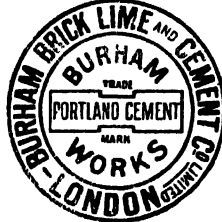

The Directory is becoming more and more appreciated by advertisers, who find in it an effective and universally circulated medium for the extension of their trade. All enquiries with regard to rates may be obtained from the publishers at Calcutta, or from their London Agents, W. Thacker & Co., 2, Creed Lane, Ludgate Hill, London, E. C.

2nd Group.—Patiala Railway and Amritsar-Pathankot Railway.

Any person forwarding parcels or goods, not exceeding Rs. 1,000 in value, from any stations on the Railways above mentioned, for delivery at any station on a Railway belonging to the same group, can declare that they are to be sent value-payable. The Railway booking-clerk will then furnish a receipt-note with the letter "V.-P." marked or stamped upon it.

Goods may be sent value-payable by any Railway by addressing the package to the sender himself. The sender must endorse the Railway Receipt to the Consignee for whom the Package is intended, and present them open at the local Post Office, accompanied by the ordinary V.-P. form duly filled up, the words "Railway Receipt Note" being entered in the spaces for description of the article. Each Railway Receipt should bear postage stamps of the value of two annas. The receipt-notes must not be enclosed in envelopes, but be presented open. The Post Office will then transmit the Railway Receipt Note to the Post Office of destination, and effect delivery of it on the consignee paying the value mentioned in the V.-P. form. *The Railway will not deliver up goods or parcels forwarded Value-Payable except on production of the corresponding receipt-note.*

FOREIGN MONEY-ORDERS.

RUPEE MONEY-ORDERS.

The Foreign Post Directory included in Post Office Guide shows the countries and places with which money-orders may be exchanged. Money-orders expressed in rupees may be drawn on those countries and places against which, in the Guide, the limit of amount is stated in rupee currency.

Money-orders expressed in rupees may also be drawn on the Native States of Chamba, Gwalior, Jhind, Nabha and Patiala.

The amount of a money-order issued under this clause must not exceed Rs. 600 nor include a fraction of an anna.

NOTE.—All money-order offices are authorised to issue and pay money-orders payable in, or received from, the countries and States referred to in this clause.

The ordinary inland money-order form must be used in the case of money-orders for Ceylon, Portuguese India and the Native States and payees' acknowledgments are exchanged with only those countries and States. In the case of money-orders for other countries, a special form, which may be obtained *gratis* from the Post Office, must be used.

The names of remitters and payees of money-orders for the British East Africa Protectorate, the Seychelles, the Straits Settlements, and Zanzibar must, in the case of Europeans include the surname and at least the initial of one Christian name, and, in the case of natives of India, the name, tribe or caste, and father's name.

NOTE 1.—In the case of money-orders drawn on the German Protectorate of Kiaketschou (temporarily suspended), Macao, Japan, Corea, Formosa, or on any of the Japanese postal agencies in China, the names of the payees, when the latter are natives of Japan, should be given in full, without abbreviations of any kind. When both the remitter and the payee of such a money-order are natives of Japan or China, the remitter should present along with the money-order a separate slip of paper containing the full name and address of the payee written in Japanese or Chinese characters, as the case may be.

NOTE 2.—The re-direction to any of the countries or places with the exception of the Native States of money-orders originally received from any of those countries or places for payment in India is subject to a fresh charge on account of commission at *half* the rates of commission applicable to inland money-orders or money-orders expressed in sterling, according as the country or place to which the order is re-directed is one on which money-orders are drawn in rupee currency or in sterling currency. Should the amount of this fresh charge, however, calculated at the rates mentioned, include a fraction of an anna, the amount will be raised to the next complete anna.

The remitter of a foreign rupee money-order in respect of which an advice of payment is available can obtain such advice of payment by paying a fee of one anna in addition to the commission chargeable on the money-order. Advices of payment are obtainable from all countries with which money-orders are exchanged except where the contrary is stated in respect of any such country in Foreign Post Directory.

When the remitter of a foreign rupee money-order has not paid the fee for an advice of payment and desires to have an enquiry made by the Post Office regarding the disposal of the money-order, he will be entitled to this service on payment of the same fee as that chargeable for an advice of payment.

NOTE.—The fee for an advice of payment, if asked for at the time of issue of the money-order, must be paid by means of postage stamps which should be affixed in the space provided for the purpose in the foreign rupee money-order form.

Coupons attached to money-orders payable in Ceylon or Portuguese India should not be filled up by the remitters, as the coupons will not be delivered to the payees.

STERLING MONEY-ORDERS.

The Foreign Post Directory included in Post Office Guide shows the countries and places with which money-orders may be exchanged. Money-orders expressed in sterling may be drawn on those countries and places against which, in the Guide, the limit of amount is stated in *sterling* currency. The amount of a money-order issued may not include a fraction of a penny. Also, the maximum amount for which any one remitter may obtain foreign sterling money-orders in one day is limited to £100.

The rates of commission on money-orders are as follows :—

On any sum not exceeding £1	3 annas.
" " exceeding £1 but not exceeding £2	5 "
" " " £2 " " £3	8 "
" " " £3 " " £4	10 "
" " " £4 " " £5	12 "
" " " £5 " "	12 " for each

complete sum of £5 and 12 annas for the remainder, provided that if the remainder does not exceed £1, the charge for it shall be 3 annas ; if it does not exceed £2, the charge for it shall be 5 annas ; if it does not exceed £3, the charge for it shall be 8 annas ; and if it does not exceed £4 the charge for it shall be 10 annas

The remitter must apply for a foreign money-order form (which will be supplied to him *Gratis* by the Post Office), and fill in the necessary entries, adding his signature at foot. The amount of the money-order (whatever be the country of destination) must be stated by the remitter in British (sterling) money, and the equivalent of this amount in Indian currency will be entered in the form by the Post Office. If the country of destination has a different currency, the sterling amount will be converted by it into the local currency for the purpose of payment.

NOTE.—A money-order payable in the United Kingdom may be crossed for payment only through a bank. When a remitter desires to make use of this privilege he should write across the money-order form the name of particular bank or merely the words “& Co.” between parallel lines.

The name of the payee should include the surname and at least the initial letter of one Christian name. If the payee be a firm or company, the usual designation of the firm or company will suffice. The address of the payee should be full and precise, as on it depends the determination of the particular money-order office in the Foreign country at which the money-order will be made payable. The surname, and at least one initial of the Christian name, of the remitter should be given; if the remitter be a native of India, his tribe or caste and his father's name should be stated in addition to his own name. The name and address of the payee should be given with such completeness as shall secure identification and prevent risk of wrong delivery.

It will be necessary for the remitter of a foreign money-order to write to the payee informing him of his (the remitter's) name as entered in the order. The payee will receive the money-order direct from the head money-order office of the country of payment.

The remitter will be furnished by the post office with a receipt for the amount paid by him on account of the money-order and commission.

The remitter of a foreign sterling money-order in respect of which an advice of payment is available can obtain such advice of payment by paying a fee of two annas in addition to the commission chargeable on the money-order. Advices of payment are obtainable from all countries with which money-orders are exchanged except where the contrary is stated in respect of any such country in the Foreign Post Directory.

When the remitter of a foreign money-order expressed in sterling has not paid the fee for an advice of payment and desires to have an enquiry made by the Post Office regarding the disposal of the money-order, he will be entitled to this service on payment of the same fee as that chargeable for an advice of payment.

NOTE.—The fee for an advice of payment, if asked for at the time of issue of the money-order, must be paid by means of postage stamps which should be affixed in the space provided for the purpose in the sterling money-order form.

TELEGRAPHIC MONEY-ORDERS, INLAND.

Every Post Office, which is a Money-Order Office, may issue and pay telegraphic money-orders, except in special cases.

A fee for the issue of a telegraphic money-order will be charged at the rate of commission on an ordinary inland money-order for the same amount, added to a telegraph charge calculated at the rates for inland telegrams for the actual number of words used in the telegram advising the remittance, according as the telegram is to be sent as an “Express” or as an “Ordinary” message.

The amount for such money-order must not exceed Rs. 600, and must not include any sum less than a rupee.

If the remitter desires to have a private communication to the payee added to the telegram advising the remittance, he should write it on the coupon of the money-order form and pay for the additional words in excess of twelve, at the rate of two annas or half an anna per word, according as the telegram is to be sent “Express” or “Ordinary.” Abbreviated address, or Code words to represent the name of the remitter, or the name and address of the payee, must not be used.

Telegraphic money-orders may be issued from any post office in India (including Burma) for the head post office at Aden, and from the head post office at Aden for any post office in India (including Burma). The limits of value and the other conditions laid down in the foregoing clauses relating to inland telegraphic money-orders apply to such telegraphic money-orders: provided that the fees for such telegraphic money-orders will be made up of (1) the money-order commission at the rates applicable to inland ordinary money-orders, and (2) a telegraph charge at the rate of one rupee a word for every word included in the telegram advising the remittance: provided also that telegraphic money-orders for repayment to the remitters will be returned *by post* to the offices of issue.

INDO-CYLON TELEGRAPHIC MONEY-ORDERS.

Telegraphic money-orders expressed in rupees may be exchanged with Ceylon. Every post office that is authorised to issue and pay inland telegraphic money-orders may issue and pay Indo-Ceylon telegraphic money-orders.

The amount of a single Indo-Ceylon telegraphic money-order may not exceed Rs. 600 or include any fraction of a rupee.

The fee for a telegraphic money-order issued in India for payment in Ceylon will be charged at the rate of commission applicable to an ordinary money-order drawn on Ceylon for the same amount, *plus* a telegraph charge calculated on the actual number of words used in the telegram advising the remittance, at the rate of one rupee for the first twelve words and two annas for each additional word. Express at the rate of rupees two for the first 12 words and 2 annas for each additional word.

FOREIGN TELEGRAPHIC MONEY-ORDERS BETWEEN THE UNITED KINGDOM AND INDIA.

1. Telegraphic money-orders may be issued from any post office in India (including Burma) and from the head post office at Aden for any post office in the United Kingdom, or from any post office in the United Kingdom for any post office in India (including Burma) and for the head post office at Aden.

2. The amount of a single telegraphic money-order for or from the United Kingdom may not exceed £40 nor may it include any fraction of a penny.

3. In respect of each telegraphic money order for the United Kingdom the remitter will be required to pay 1) the money-order commission payable on an ordinary money order for that country and (2) the cost of the telegraphic advice (ordinary or deferred, at his option) according to the rate for private messages to the United Kingdom as given in the *Indian Telegraph Guide*.

4. The remitter may have a private communication to the payee included in the telegraphic advice by paying for the additional words at the rate prescribed for the class selected by him for the telegraphic advice. He may also prepay a telegraphic reply to such communication but the charge for the pre-paid reply will be at the full rate. He may also obtain an advice of payment by paying the usual fee of two annas for this service *plus* the cost of telegraphing the words "Advise payment" at the rate for the class (ordinary or deferred) to which the telegraphic advice belongs.

5. The application for a telegraphic money order for payment in the United Kingdom must be made out by the remitter on an ordinary foreign sterling money order form with the words "By telegraph deferred" or "By telegraph at the full rate," as the case may be, written across the particulars.

6. The private communication, if any, to the payee should be written below the particulars of the money order and should invariably be in English, and if it is to be paid for at the deferred rate it must also be in plain language.

7. If the remitter desires to prepay a reply from the payee, he should write the words "Reply prepaid" at the end of the private message, followed by the number of words in the reply for which the charge is prepaid.

8. If an advice of payment is required, the words "Advise payment" should be written also below the particulars of the money order.

9. The remitter should specify in the money order form the name of the telegraph office to which the order is to be signalled. If he is unable to do this he must add the name of the country of destination after the name of the office of payment, and the money order will then be advised by telegram at his risk.

10. A telegraphic money order received from the United Kingdom for payment in India will be paid to the payee only at the post office on which it was originally drawn. If payment cannot be made at that post office owing to the payee having changed his address, or from any other cause, the order will be re-issued *by post* to the United Kingdom for repayment to the remitter.

FOREIGN ORDERS TELEGRAPHED TO OFFICES OF EXCHANGE.

The telegraphic money-order system does not apply to any Foreign money-order exchange except those with Ceylon and the Seychelles, but the remitter of a foreign money-order drawn on any other country can have the particulars telegraphed to the Indian office of exchange and that office will, on receipt of the telegraphic advice, issue a money-order on the Foreign country of payment under the foreign money-order rules. It should be understood that the money-order will be *telegraphed* to the Indian office of exchange only, and *not* to the Foreign country of payment.

Except that the remitter will not be entitled to have a private communication added to the telegram advising the remittance, the rates of commission, the limit of value, and the other conditions apply as laid down in the rules relating to inland telegraphic money-orders.

The following conditions apply to money-orders payable in the United Kingdom or any other of the countries and places:—

(1) The maximum amount for which a single foreign sterling money-order can be telegraphed under these rules to the Indian office of exchange concerned is £40, and no such order may include a broken sum less than £1.

(2) A fee for the issue of a foreign *sterling* money-order telegraphed to the office of exchange will be charged at the rate of commission on a foreign sterling money-order for the same amount added to a telegraph charge calculated at the rates for inland telegrams for the actual number of words used in the telegram advising the remittance, according as the telegram is to be sent as an "Express" or as an "Ordinary" message.

(3) The remitter must fill up the necessary entries in a sterling money-order form and write across the form the words "By telegraph *express*" or "By telegraph *ordinary*," according as to whether he wishes the telegram advising the remittance to be sent as an *express* or as an *ordinary* message. He should then present the form at the window of the post office, together with the amounts of the order and commission.

(4) Foreign money-orders intended for payment in any country to which mails are sent from Bombay by the Peninsular and Oriental Steam Navigation Company's weekly mail steamers will not be accepted for the purpose of being telegraphed to Bombay, if presented at any post office on the day of departure of those mail steamers.

BRITISH INDIAN WEIGHTS.

The Unit of the British Ponderary System is called the *Tola*. It weighs 180 grain English Troy Weight. From it upwards are derived the heavy weights, viz., *Chittack*, *Seer* and *Maund*; and by its sub-division the small or jewellers' weights called *Mashas*, *Ruttees* and *Dhans*.

INDIAN CLOTH MEASURE.

 3 Unglis,, 1 Girah ... ,, = $2\frac{1}{4}$ Inches. | 2 Haths ,, 1 Guz ... ,, = 1 Yard.

N.B.—The Guz varies in different localities from 24 to 36 Inches.

There appears to be no Indian measures of capacity for Dry and Liquid goods, which are sold by weight. Wherever, for the sake of convenience, measures are employed, they are intended to represent some specific weight of a *Seer*, *Chittack*, etc.

LINEAL MEASURE.

Notwithstanding that the cubit or human forearm is the basis or unit in Oriental and Western countries, there is no fixed standard established in India.

In Bengal the measure mostly used is the following:—

1 Hath (Cubit) = 18 Inches; 4 Haths = 1 Danda or = 2 Yards; 2,000 Dandas = 1 Co-s.

The Co-s or Bengal mile is equal to 1 mile, 1 furlong, 3 poles, $3\frac{1}{2}$ yards English.

The Indian Imperial Co-s is equal to $2\frac{1}{4}$ miles nearly.

In the United Provinces of Agra and Oudh the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra the co-s is about $1\frac{1}{2}$ mile; towards the Hills the co-s is a little more than a mile; in Bundelkhand it is three times as long as in other parts and is called a *Pucca co-s*; while in the Doab it is the *Gow co-s*, or as far as the lowing of a cow is heard at dead of night.

BENGAL SQUARE OR LAND MEASURE.

20 Uawansees = 1 Ssawansee; 20 Ssawansees = 1 Kuchwansee; 20 Kuchwansees = 1 Biswansee; 20 Biswansees = 1 Biswa; 20 Biswas = 1 Beegah.

There is, however, no fixed standard Beegah; almost every district has its own local measurement.

ASSAM LAND MEASURE.

DUE DATE TABLES.

To calculate the due date of any Bill. A Bill dated 23rd August 1890 @ 53 days after date 53+3 (days of grace)+3 (of the 23 in date)=59 days after the 20th August, look under August 20 in table, run down to 60 days in the marginal column 59=1 day short of 60, viz, October 18th.

To find days to run on a pre-dated Bill. A Bill dated 19th July @ 95 days date is presented for discount on the 23rd August. The due date to be found as per example above is October 25th: under 20th August find October 25 (October 19+6) and refer to margin which shows 66 days, deduct 3 of the date 23rd August, and you have 63 days to run from 23rd August.

THE MOST EXALTED ORDER OF THE STAR OF INDIA.

THE ORDER OF THE STAR OF INDIA was instituted by Queen Victoria, in 1861, and enlarged, 1866, 1876, 1897, 1902, and 1911, and the dignity of Knight Grand Commander may be conferred on Princes or Chiefs of India, or upon British subjects for important and loyal service rendered to the Indian Empire; the second and third classes for services in the Indian Empire of not less than thirty years in the Department of the Secretary of State for India. It consists of the Sovereign, a Grand Master (the Viceroy of India), the first class of forty-four Knights Grand Commanders (22 British and 22 Native), the second class of one hundred Knights Commanders, and the third class of two hundred Companions, exclusive of extra and Honorary Members, as well as certain additional Knights and Companions.

THE Insignia are THE COLLAR of gold, composed of the lotus of India, of palm branches, tied together in saltire, of the united Red and White Rose, and in the centre an Imperial Crown; all enamelled in their proper colours, and linked together by gold chains.

THE STAR of a Knight Grand Commander is composed of rays of gold issuing from a centre, having thereon a star of five points in diamonds resting upon a light blue enamelled circular riband, tied at the ends, and inscribed with the motto of the Order, HEAVEN'S LIGHT OUR GUIDE, also in diamonds. That of a Knight Commander is somewhat different, and is described below.

G.C.S.I.

BADGE.

K.C.S.I.

THE BADGE on Onyx Cameo having Her Majesty Queen Victoria's Royal Effigy thereon, set in a perforated and ornamented oval, containing the motto of the Order surmounted by a Star of five points all in diamonds.

THE MANTLE of light blue satin, lined with white, and fastened with a cordon of white silk, with blue and silver tassels. On the left side a representation of the Star of the Order.

THE RIBBON OF THE ORDER (four inches wide for Knights Grand Commanders) is sky-blue, having a narrow white stripe towards either edge, and is worn from the right shoulder to the left side. A Knight Commander wears (a) around his neck a ribbon two inches in width, of the same colours and pattern as a Knight Grand Commander, and pendent therefrom a badge of a smaller size; (b) on his left breast a Star composed of rays of silver issuing from a gold centre, having thereon a silver star of five points resting upon a light blue enamelled circular ribbon, tied at the ends, inscribed with the motto of the Order in diamonds. A Companion wears from his left breast a badge of the same form as appointed for a Knight Commander, but of a smaller size pendent to a like ribbon of the breadth of one and a half inches. All Insignia are returnable at death to the Central Chancery, or, if recipient was resident in India, to the Secretary of the Order at Calcutta.

INDIAN SECTION—SOCIETY OF ARTS, JOHN STREET, ADELPHI, W.C.

This Section was formed in 1869 for the purpose of reading and discussing papers on all non-political questions connected with the progress and welfare of the British Indian Empire.

EAST INDIA ASSOCIATION, 3, VICTORIA STREET, WESTMINSTER, S. W.

Instituted for the independent and disinterested advocacy and promotion, by all legitimate means of the public interests and welfare of the inhabitants of India generally.

The object of the East India Association is to promote, by all legitimate means, the public interests and welfare of the inhabitants of India generally. To attain this object the Council earnestly invite the co-operation of all those who, by their position, influence, knowledge of India or administrative experience, are able to render effective assistance and without whose active and liberal support the work of the Association cannot be adequately accomplished.

The Association would specially appeal to the Ruling Princes of India and to all classes of influential and educated Indians, with whose aspirations, so far as these are consonant with moderation and loyalty, it has the warmest sympathy.

The co-operation of the commercial and non-official community in India—British and Indian—and of the active and retired Members of the Government Services, Civil and Military, who have consistently laboured to advance the best interests of the people, and have helped to consolidate, maintain, and defend the Indian Empire, will be highly valued.

The East India Association is essentially non-official in character, avoiding any connection with English party politics, and welcoming as Members all those who are interested in the welfare and progress of India, whatever their political opinions. Its policy with reference to Indian questions is progressive, maintaining at the same time a due regard for the conservative traditions of the Indian Empire. It desires to encourage all wise and well-considered projects of social and administrative reform, but at the same time to protect the people of India from rash and hasty experiments opposed to the customs of the country. It endeavours to regard all questions of administrative and social progress from the point of view of the interests of the inhabitants of India, whose wishes, sentiments, and prejudices should be respected and whose legitimate aspirations to share in the government of the country should be recognized and sympathetically met.

The objects and policy of the Association can be promoted—(1) by providing opportunities for the free public discussion, in a loyal and temperate spirit, of important questions affecting India; (2) by providing a centre for the friendly meeting of Indians with Englishmen interested in India; (3) by lectures and the publication of papers or leaflets diffusing accurate information and correcting erroneous or misleading statements about India and its administration; (4) by maintaining a reference library; and (5) by the promulgation of sound and trustworthy information regarding the many weighty problems which confront our Administrators in India, so that the public may be able to obtain in a cheap and popular form a correct knowledge of the affairs of our great Dependency.

The use of the Reading-room and Library is free to Members, who can also have their letters addressed there.

Ordinary Members receive the *Asiatic Review* (gratis).

Student Members receive the *Journal* of the Association.

NOTE.—The Annual Subscription for Ordinary Members is £1.5s, payable in advance.

The Annual Subscription for Student Members is 7s. 6d., payable in advance.

The Life Subscription is £14.

AMERICA THROUGH HINDU EYES

BY

I. B. DE MAJUMDAR

EDITED BY

PRINCE VICTOR N. NARAYAN

OF COOCH BEHAR.

The Times Educational Supplement of May 15, 1919, says:—"Publication has been delayed of this frank record of the pre-war experiences of an Indian student in America. Mr. Majumdar, after graduating from the University of Calcutta, obtained a scholarship from the Association for the Advancement of Scientific and Industrial Arts among Indians to study agriculture in America. After a few months at Yale, he joined the Agricultural College at Cornell University, and in due course was the first Indian to gain the degree there of M.Sc. in Agriculture. The late Maharajah of Cooch Behar gave him an appointment and shortly afterwards sent him back to the United States with his third son, Maharajkumar Victor N. Narayan, to specialize in the culture and curing of tobacco. He is the author of a monograph on the improvement of the tobacco crop in India. His versatility is shown by the readiness with which he adapted himself to student life in America, gave lectures, promoted dramatic and other entertainments and absorbed American ideas."

FOURTH EDITION. REVISED AND ENLARGED

BY R. YOUNG.

PREFACE TO THE FOURTH EDITION

Q The continued success of the Permanent-Way Pocket Book has decided the Publishers to issue a fourth and larger edition. Standard dimensions have been corrected as likewise the additions and mileages of Indian Railways—the latter in accordance with the Administration Report up to 1916. A few other minor corrections and additions have been made.

OPINIONS OF THE RAILWAY AND ENGINEERING PRESS.

"Should find a place on every Railway Engineer's office table and in the trolley-box of every P. W. Inspector and Platelayer."—*Indian Engineering.*

"The book is a kind of Railway Molesworth, and is sure to find itself in the pocket of every man connected with our iron highways."—*Cynical.*

"Jones' Pocket book is as well known in India, in the Far East and in some of the Dominions, Molesworth's or Trautwine's are in the rest of the Railway world."—*Railway Gazette.*

"Should be very useful, and we cannot suggest any other similar work which is in any way its successful rival."—*The Railway Engineer.*

Goods in casks or cases to be calculated at gross weight when paying freight by weight.

At a Special General Meeting of the Chamber, held on the 4th of October 1883, the following Resolution was adopted:—

That Rule I, under the Chamber's Tonnage Schedule, be altered as follows in accordance with the Resolutions proposed and adopted by the Mercantile Community at their Meeting on the 3rd July 1883, and in accordance with the Notice issued by the Chamber of Commerce on the 4th July 1883, under Rule 23 of the Chamber, viz.:—

1. That where freight is payable by measurement, measurement be by sworn measurers, to be placed under the direction of the Bengal Chamber of Commerce.
2. That measurement be taken at place of shipment, i.e., exporting wharf, jetty, or press-house, where adjacent to place of shipment, at measuring Superintendent's discretion, but only whilst the bales are actually being removed in course of shipment.
3. That such measurement be final.
4. That in cases of shut-out cargo, or cargo transferred from one vessel to another, original measurements to hold good.
5. But that any cargo re-landed be re-measured.
6. That measurement be taken at the largest part of the bale inside the lashing on the one side and outside on the other.
7. That the measurement of jute shipped without measurement shall be entirely at shipper's risk and that measurement be a matter of special arrangement between the shippers and ship. Further, that all expenses connected with the measurement thereof be payable by the shippers.

8. That all cotton and other baled cargo arriving at the East Indian Railway Company's terminus at Howrah for shipment direct by boats be measured by the sworn measurers in the Railway Company's sheds, while being removed in actual course of shipment.

9. That all baled cargo pressed at, or exported from, any of the press-houses to which a sworn measurer may be attached, be treated in the manner as jute; and as provided for in the 2nd Resolution.

10. That gunny bales packed at, or exported from, mills within the limits of the port, be also measured as described in the 2nd Resolution.

11. That gunny bales or other cargo exported by boat direct from outside the limits of the port be measured by the sworn measurers on the deck of the ship or alongside; but it shall be optional with outside mills and press-houses to make arrangements with the Managing Committee on such terms as may be mutually agreed on, for the attendance of sworn measurers at their ordinary shipping wharves for measurements in accordance with Rule 2.

12. That all baled, cased, or other cargo not provided for in any of the foregoing Resolutions, and which at present is measured on this side under any of the Tonnage Schedules now in use in the port, or which may require to be measured on this side by a special arrangement made between shippers and ship, that all such cargo be measured on the Custom House wharf (if for export by boat) in the Jetty sheds (if for shipment through the jetties) by the sworn measurers.

13. That for the present the sworn measurers to be appointed to carry out this scheme be placed under the direction of a Representative Committee, to be nominated by the Committee of the Chamber of Commerce.

14. That the charge for measurement be defrayed by the ship.

At a Special General Meeting of the Chamber, held on the 29th November 1883, it was resolved—
That for gunny bags and gunny cloth the ton shall be 50 cubic ft., not exceeding 2,240 lbs. "gross."
That the term "dead weight" shall be understood to mean the following articles "only"—

INDIA IN 1983

This little book was originally written at the time of the Ilbert Bill agitation; it gives a farcical account of an imaginary evacuation of India by the British and the subsequent Government by a Babu Raj.

Indian Daily News.—"Instructive as well as amusing."

Times of India.—"There is not a dull page in the hundred and thirty-seven pages of which it consists."

THE INDIAN CONTRACT ACT

With a commentary containing a comprehensive statement of the law as applicable to Contracts in British India.

BY

FAIZ B. TYABJI, M.A.,

*of the Middle Temple, Barrister-at-Law, Author of
"Principles of Muhammedan Law."*

"This is a very excellent book indeed and in spite of Messrs. Shephard and Pollock it has a good future. It has several good features—the introductory synopsis and the fact that it deals with Indian decisions to a large extent which is what the Indian lawyer wants not having access to English books. It is as far as we can see up-to-date, and we find the latest rulings of the Privy Council on the subject of documents of title to goods on which the Bombay Courts went astray so badly. Mr. Tyabji very rightly refers a good deal to the reports of the Law Commission and the History of the Sections such as 106 which was nearly the cause of the resignation of the Viceroy."—*Indian Daily News.*

THE PARROT'S TRAINING. SIR RABINDRANATH TAGORE'S EDUCATIONAL SATIRE.

IN "The Parrot's Training." Sir Rabindranath Tagore has written a little parable by way of satire on bookish systems of education and on the ways of well-intentioned Governments, perhaps with a special reference to benevolent blunders of our Government in India, but the satire is of general application. The poor bird in the parable is a victim to the process of external education. It is ignorant, and the pundits summoned by the Rajah to pronounce on its case decide that its ignorance is due to living in a wretched natural nest; it must have a suitable cage. A golden cage is built for it, and the goldsmith, like the pundits, goes home happy and rewarded. Then the bird must be instructed, and a crowd of scribes is collected, and they copy from books and copy from copies till the manuscripts tower to heaven; and the scribes also are rewarded. Meanwhile the Rajah's nephews are scrubbing and polishing the cage and employing officials of every degree, and their cousins and their cousins' cousins, and all grow fat and rich till a fault-finder is heard to observe that everybody remotely connected with the cage is flourishing—except the bird inside. So the Rajah goes to see for himself and is immensely impressed. "The method of instruction was so stupendous that the bird looked ridiculously unimportant by comparison." In the end, of course, the bird dies. "Nobody had the least notion how long ago this had happened." As we know, Tagore has a school of his own in Bengal, conducted on his own lines, which are not those enforced on the unfortunate parrot, and he does not believe in Governmental systems with their external, inflexible methods. One would like to be able to read the parable in its original Bengali, for one divines that Tagore is a master of style in his own tongue.
